Abteilung 3 - Personal

711/2019

Halle (Saale), 06.06.2019

External Job Announcement
Registration number 7-027/19-H

The Martin-Luther- University Halle-Wittenberg, Medical Faculty, Institute for Physiological Chemistry, offers for the duration of 3 years a position of a

Postdoctoral Research Associate (m-f-d)

Full Time Contract (100%)

The salary is based on the German civil service pay scale (TV-L) depending on qualifications and experience up to salary group 13 TV-L.

Required qualifications:

- University degree in biochemistry, biology, medicine, or equivalent qualification
- PhD in the field of molecular cell biology
- First/last author publications in peer-reviewed journals
- Capability to independently pursue scientific projects
- Ability to work in a team, and excellent communication skills (German and English)

Tasks:

The position is embedded in the department „Gene Regulation “of Guido Posern which investigates fundamental aspects of molecular cell biology and tumor biology. We are especially interested in the regulation of gene expression, cell-motility and cell-adhesion. For this, the actin-regulated transcription factors of the MRTF family play a central role (Mol. Cell Biol. 2016, 36:1526-1539; Journal of Cell Science 2017, 130:2172-2184; Breast Cancer Research 2017, 19:68). Further information see: <http://medizin.uni-halle.de/jpc>.

Successful candidates will be able to independently pursue internationally competitive research projects. The topic should complement the department's focus and methodology. We offer the opportunity to obtain the "habilitation" and to establish the applicant's own research group. The position can be extended for 3 years.

Teaching duties comprise seminars and practical courses in biochemistry/molecular biology for students of medicine. All teaching is in German. Teaching experience is advantageous.

Applications of severely handicapped candidates with equivalent qualifications will be given priority.

Women are particularly encouraged to apply.

For any further enquiries, please contact: Guido Posern, Tel. 0345-557-3805, E-Mail: guido.posern@uk-halle.de

Applications should be sent electronically and include a CV, statement of interest, PhD summary and certificates **until 2019-07-26**.

Please send these materials to guido.posern@uk-halle.de ; **“Reg.-Nr. 7-027/19-H Postdoctoral Research Associate”** in the email subject line.

This call for applications may be subject to budgetary restrictions.

Application expenses cannot be refunded by the Martin Luther University. Application documents can only be returned if a sufficiently stamped envelope has been included.
