

MARTIN-LUTHER-UNIVERSITÄT HALLE-WITTENBERG

The Faculty of Natural Sciences I (Life Sciences) at the Martin Luther University Halle-Wittenberg invites applications for the following professorial appointment:

W2-Professorship Biopharmacy – Pharmaceuticals

It is the aim of the Faculty to appoint a professor with a strong international research record in a seminal field of Biopharmaceutics and Pharmaceuticals.

Requirements for application include habilitation or an equivalent academic achievement, a proven track-record in internationally recognized research and appropriate teaching experience in Pharmaceuticals / Biopharmaceutics. Acquisition of third-party funding is expected. The candidate is expected to strengthen the main research areas of the Martin Luther University in the fields of "Macromolecular structures and biological information processing" and/or "Nanostructured materials".

The tasks include the comprehensive and competent representation of Pharmaceuticals – Biopharmaceutics according to the rules of the German approbation for pharmacists. A pharmacy license is desired.

Further duties and responsibilities of the incumbent include the requirements specified in § 34 of the Law on Higher Education ("Hochschulgesetz") of the state of Saxony-Anhalt.

The Martin Luther University strongly supports equal opportunity in its appointments policy and invites female scientists to apply. Candidates with a disability are also encouraged to apply for the position and will be favorably considered upon equal eligibility. The University provides arrangements for coordinating occupation and family.

Applications should include the usual documents (list of publications and academic teaching activities, a record of successful acquisition of third-party funding, a copy of the certificate of the highest academic degree obtained, as well as a summary of research achievements and plans) and should be addressed within a period of **six weeks** after publication of this announcement as a hard copy and in electronic form (e-mail: dekanat.bnpp@natfak1.uni-halle.de) to: **Martin-Luther-Universität Halle-Wittenberg, Dekan der Naturwissenschaftlichen Fakultät I - Biowissenschaften, Wolfgang-Langenbeck-Str. 4, 06120 Halle/Saale, Germany.**

Further information relating to the position can be obtained directly from **Prof. Karsten Mäder** (karsten.maeder@pharmazie.uni-halle.de).

The salary scale is subject to legal and budgetary constraints of the University. Application costs (travel costs, overnight costs) will not be compensated.
