

# MARTIN-LUTHER-UNIVERSITÄT HALLE-WITTENBERG

The **Natural Sciences Faculty I, Institute for Biology, Section Zoology** of the Martin-Luther-University Halle-Wittenberg, invites applications for a

## **W2-Professorship "Animal Physiology"**

The position is to be filled from the 1st April 2014.

We seek an individual with an internationally recognized research profile in the field of animal physiology who is also able to teach across the spectrum of animal physiology to bachelor and master students as well as those students following a teacher-training pathway.

The research foci of the Faculty and the Institute of Biology are protein science, molecular plant science and functional biodiversity. Entomologically oriented applicants who strengthen or extend these research foci are particularly encouraged, as are those who can engage with current research areas, research groups and graduate colleges of the faculty. Current research of the Section Zoology of the Faculty includes behavioural ecology, evolutionary biology, and developmental biology. The usual duties associated with a chair (Law 34 of the higher education act of Saxony-Anhalt) apply to the position.

In addition to a doctorate, the applicant is expected to have an excellent publication record, a proven ability to acquire third party funding, and experience in university teaching, as demonstrated by the habilitation or equivalent. The university aims to increase the proportion of women in leading positions. Thus, given equal qualifications, female applicants will be preferentially recruited. The university provides arrangements for coordinating occupation and family. Severely disabled persons are encouraged to apply and will be favoured in the case of equal suitability.

Please send on: CV, copies of certificates of qualifications, a list of publications, documentation of teaching experiences, scientific career, and a list of successful grant applications. Please also provide a resume of past and future research plans as well as concepts for research collaborations with other groups at the university. For further information, please contact: Prof. Isabell Hensen (phone: +49 345 55-26210, fax: +49 345 55-27228, e-mail: [isabell.hensen@botanik.uni-halle.de](mailto:isabell.hensen@botanik.uni-halle.de)).

Please send applications (including work and private address) **within 6 weeks** of the appearance of this advertisement by e-mail and in electronic form to: **Martin-Luther-Universität Halle-Wittenberg, Dekanat der Naturwissenschaftlichen Fakultät I, 06099 Halle (Saale), Germany, e-mail: [dekanat.bnpn@natfak1.uni-halle.de](mailto:dekanat.bnpn@natfak1.uni-halle.de).**

The salary for the incumbent follows the usual official and departmental budgetary guidelines. Unfortunately, applicants' costs cannot be reimbursed.
