

MARTIN-LUTHER-UNIVERSITÄT HALLE-WITTENBERG

The Institute of Pharmacy at Martin Luther University Halle-Wittenberg seeks to fill the position of

Junior Professor W1 in “Experimental Pharmacology (Natural Sciences)” (tenure track)

The successful candidate should have a proven track record of international excellence in the study of Pharmacology. We seek applicants who characterize novel drug targets and investigate drug actions utilizing modern methods of cell biology, genetics, and biochemistry. Candidates with experience in translational research are particularly encouraged to apply. The successful candidate is expected to closely collaborate with researchers in clinical pharmacy, biochemistry and medical Pharmacology. Participation in interdisciplinary research programmes, especially on pharmaceutically relevant proteins, and in the establishment of new collaborative ventures is strongly encouraged.

Applicants should have a degree in Pharmacy, Medicine, Biochemistry, Chemistry or Biology, a doctoral degree in any of these disciplines, and additional scientific achievements. Teaching experience would be an advantage.

The candidates are expected to provide effective teaching in the entire field of Pharmacology for the Pharmacy and Natural Science programs. Active participation in academic and administrative duties within the university is expected according to Hochschulgesetz Sachsen-Anhalt (§ 34 HSG-LSA). Professors at the W1 level are offered an initial three-year contract. After a positive evaluation, the contract can be extended for a further three years. Upon a final positive evaluation, together with documentation that the other requirements of the post have been fulfilled, a tenured professorship position will be offered.

The Martin Luther University Halle-Wittenberg strives to promote equal opportunities in science. Women and handicapped applicants, appropriately qualified according to the above criteria, will be given preference over other candidates with equivalent relevant qualifications. The university provides arrangements for coordinating occupation and family.

Please apply to the office of the Dean either by mail (**Martin-Luther-Universität Halle-Wittenberg, Naturwissenschaftliche Fakultät 1, D-06099 Halle, Germany**) or by email (**dekanat.bioch@natfak1.uni-halle.de**) no later than **six weeks** after the posting of this advertisement. Applications should include a CV, a list of publications, a short synopsis of the scientific career, and a concise draft of teaching experience, ongoing and future research activities, and grant support.

Further information can be obtained from Prof. Wolfgang Sippl,
wolfgang.sippl@pharmazie.uni-halle.de.
